National Defense Authorization Act Compliance Statement

January, 2021

Background

To address a perceived cyber-security risk, an Interim Final Rule of the National Defense Authorization Act (NDAA) for the Fiscal Year 2019 was made effective on August 13, 2019. Section 889 contains the Prohibition on certain telecommunications and video surveillance services or equipment from specific vendors. It also contains several provisions that have a major impact on existing and future US Government related video surveillance deployments. The NDAA ban also extends to other manufacturers in cases in which the video surveillance cameras or systems from the specified vendors are offered under another manufacturer's brand name typical of OEM, ODM and JDM relationships.

AVTECH Statement

AVTECH is pleased to inform that the DVR products we offer to the US distributor are NDAA Section 889 compliant and does not have relationships with the named vendors in the NDAA Section 889. The following AVTECH products, which do not use or deploy critical components including SoCs produced by NDAA banned component vendors, are compliant with the NDAA.

AVTECH NDAA Section 889 Compliance Product List

- NOVATEK Digital Video Recorders (DVRs) include the following model numbers - DGD1005AV, DGD1009AV, DGD2017AV, AVZ2017AV and AVZ4017AV
- The AVTECH compliance product list will be regularly updated on AVTECH's website <https://www.avtech.com.tw/ndaa.aspx>
