工廠：新北市三重區中興北街 193 之 2 號
FACTORY：NO.193-2, Zhongxing N. St., Sanchong Dist.,
New Taipei City 24158, Taiwan

National Defense Authorization Act

AVTECH Compliance Statement

December, 2021

Background

To address a perceived cyber-security risk, an Interim Final Rule of the National Defense Authorization Act (NDAA) for the Fiscal Year 2019 was made effective on August 13, 2019. Section 889 contains the Prohibition on certain telecommunications and video surveillance services or equipment from specific vendors. It also contains several provisions that have a major impact on existing and future US Government related video surveillance deployments. The NDAA ban also extends to other manufacturers in cases in which the video surveillance cameras or systems from the specified vendors are offered under another manufacturer's brand name typical of OEM, ODM and JDM relationships.

AVTECH Statement

AVTECH is pleased to inform that the following HD CCTV cameras, Digital Video Recorders (DVRs), IP cameras and network video recorders (NVRs), which do not use or deploy critical components including SoCs produced by NDAA banned component vendors, are compliant with the NDAA. These products are recommended for US applications that are subject to the NDAA.

- The AVTECH compliance product list will be regularly updated on AVTECH's website <https://www.avtech.com.tw/ndaa.aspx>

AVTECH NDAA Compliance Product List

| Product Category | Models |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
